**SEAFOOD**  
COMPANY

***We believe in real American seafood for the people.***

We are proud to partner with local fishermen and fish markets to provide the highest quality shrimp, fish and oysters direct from the boats to you. We only source sustainable and domestic fish, shrimp and oysters off the shores of the continental US - direct from local waters when available.

***We believe in honoring and supporting the rich fishing heritage of our Nation's oldest port.***

We hope to share with you the story of St. Augustine's proud fishing legacy by showcasing the people and history behind the rise of America's shrimp boat city. We are also proud to support the maritime research efforts of the St.

Augustine Lighthouse & Maritime Museum by contributing \$1 from every Lighthouse Lemonade we sell.
